XLERATOR Hand Hygiene Stations Available at Local COVID-19 Testing Sites
Excel Dryer Creates Mobile Units with HEPA Filtration to Prevent Spread of Virus

EAST LONGMEADOW, Mass. – Hand hygiene is a critical step in protecting public health amid the COVID-19 pandemic so Excel Dryer has created mobile hand hygiene stations featuring its XLERATOR Hand Dryer. Stations are now in place at The Eastern States Exposition fairgrounds and at Patriot Place, both outdoor COVID-19 testing sites.

The XLERATOR mobile hand hygiene units eliminate the hassle of paper towels, which are currently in short supply. With an industry-leading 7-year limited warranty, you won't need to worry about the inconvenience of ordering, shipping and restocking paper towels and can expect 95 percent cost savings. XLERATOR is proven to dry hands in as little as 8 seconds and recent testing of XLERATOR with HEPA filtration was shown to remove 99.999 percent of viruses from the air.

The mobile hand hygiene stations feature an XLERATOR Dryer with a HEPA Filtration System, a sturdy metal frame with a handle and casters to easily move the unit and they can be outfitted with a bracket for a hand sanitizer dispenser. The units have a three-prong plug for a standard outlet. All units are made in the USA.

As more businesses begin to re-open, hand hygiene will remain critical, making these easily maneuverable mobile units a perfect addition to any business entrance or high-traffic area.

ABOUT EXCEL DRYER: Excel Dryer, Inc. based in East Longmeadow, Mass., manufactures the industry's finest quality, American-made hand dryers and hair dryers. Excel Dryer was acquired by Denis Gagnon in 1997, as he set out to change the public perception of slow hand dryers, revolutionizing the XLERATOR® Hand Dryer, proven to dry hands completely in 8 seconds, and use 80 percent less energy than conventional dryers and improves restroom hygiene. XLERATOR is the only hand dryer that is Made In USA Certified, the first to be GreenSpec Listed, and helps qualify for several LEED Credits.
